German's Seeds Germinate

GERMAN'S SEEDS are obtained from the best sources available and are for the most part originators' stock. The remainder are obtained from leading American and European growers.

We solicit business from the critical florist grower. In "Florists' Flower Seeds" we have tried to do all possible to list the most profitable and leading strains available today.

We sell only seeds of good vitality, which will grow under normal conditions. All seeds are tested in our own laboratory before shipping.

H. G. German gives no warranty, express or implied, as to the productiveness of any seeds or bulbs he sells and will not be in any way responsible for the crop. Our liability in all instances is limited to the purchase price of the seed.

We invite inquiries from large growers. Write us about your requirements on any seeds listed in this catalog, and we will answer promptly.

Discounts: When cash accompanies order, a discount of 5 per cent is allowed on orders less than \$25.00, over \$25.00, 8 per cent.

A 2 per cent discount may be deducted on bills for flower and vegetable seeds if payment is made within 10 days from date of bill.

TERMS: 60 days net.

All prices in this catalog subject to change without notice.

All seed orders sent prepaid to U. S. and Canada.

All items in this catalog are offered subject to crop failures or shortages.

Orders shipped by return mail

ANTIRRHINUM (Snapdragon)

"Long Season Culture of Forcing Varieties" by A. J. Snyder of Rockwood Floral Co., Inc., an interesting booklet on "Snap" culture, gives the planting and flowering dates for different seasons, number of days from planting seedlings to benching, etc. It will tell you when to plant in order to strike any season. Sent free upon request.

"SNAPS" for Greenhouse Forcing

For years we have made a specialty of our varieties of "Snap" seeds and they have been enthusiastically received by the trade. For the convenience of our florist trade we have divided our list into early crop and main crop. Our trade packets contain approximately 2500 seeds; originator's packets vary considerably, from 1200 to 2000 seeds. Originator's packets are shown with the originator's name in parentheses.

ANNUAL LARKSPUR, Giant Imperial or Base Branching

Numerous colors are offered to the florist, but we find that a limited number of favorites will answer all requirements. A January sowing will bloom about May. An outdoor planting made in the spring as early as it is possible to get the ground prepared does very well. To increase germination, chill this seed in an ice-box for several days before sowing.

Blue Bell. Excellent mid-blue. **Lilac King.** Light lavender.

Blue Spire. Deep violet-blue. **White King.** Best clear white.

Dazzler. Rich carmine-scarlet. **Special Mixture.**

Deep Carmine King Improved. Very large florets. Holds its bright color under trying conditions.

Gloria Improved. Excellent deep rose.

Rosalie. Salmon-pink, shatter-proof.

Any of above, $\frac{1}{4}$ oz. 30c, oz. \$1.00, lb. \$10.00

Dwarf Double Mixed. Excellent range of colors and a high percentage of doubles. Tr. pkt. 35c, $\frac{1}{4}$ oz. 65c, oz. \$2.25.

DOUBLE PETUNIAS

German's Special All-Double Mixture. This is our own mixture from the best varieties. It is carefully blended from the best colors of Pan-American, Canadian and Sakata strains. All are large flowered and a high percentage are fringed. Our careful blending assures you of the finest range of bright-colored, dwarf, compact plants. Introduced last year and fast gaining in popularity. Because it is mixed from separate colors, the price is in line with those varieties. 1000 seeds \$4.00, $1/128$ oz. \$7.50, $1/64$ oz. \$14.45.

PAN-AMERICAN ALL-DOUBLES

In our opinion the most outstanding strain of Double Petunias offered today. Plants branch freely, are sturdy, compact, free flowering and the flowers are large and deeply fringed.

Allegro Improved. This outstanding variety has been greatly improved. Deep salmon, dwarf, giant fringed. A lovely new color.

Caprice. Beautiful, deeply fringed bright rose flowers on dwarf compact plants. The best Double rose obtainable.

Minuet. Lovely orchid-lavender. Newly improved 100 percent grandiflora, dwarfer than heretofore.

Nocturne. Deep midnight-purple flowers, very large. This strain has been much improved since first introduced.

Sonata. The best double white ever offered to the trade. Very large flowered and deeply fringed. No semi-doubles.

Any of above in originator's packets, $\frac{1}{2}$ tr. pkt. \$2.50, tr. pkt. \$4.00, $1/128$ oz. \$7.60, $1/64$ oz. \$14.45

PETUNIAS, Continued

Glorious Mixture. Contains five separate colors in the following amounts: Allegro 25%, Caprice 35%, Minuet (orchid) 5%, Nocturne 15%, Sonata 20%. 500 seeds \$2.00, 1000 seeds \$3.50, 1/128 oz. \$6.65, 1/64oz. \$12.60.

America Improved. Larger flowers of the same color as the original. Flowers 2½ in. in diameter; plants vigorous. Tr. pkt. (1000 seeds) \$2.00, 1/64oz. \$6.50.

CANADIAN ALL-DOUBLES

Canadian Rose and Salmon. A really outstanding, heavily fringed variety of exquisite form and colors. Color range includes light and dark shades of both rose and salmon. Tr. pkt. \$3.00, 1/128oz. \$6.50, 1/64oz. \$11.70.

Rose of Canada. Fully double, bright medium to deep rose flowers about 3 in. in diameter. Compact, bushy plants. Tr. pkt. \$3.00, 1/128 oz. \$6.50, 1/64oz. \$11.70.

Canadian All-Double Mixture. (100% double.) Plants are uniformly dwarf, but vigorous and free branching. Tr. pkt. \$3.00, 1/128 oz. \$6.50, 1/64oz. \$11.70.

SAKATA'S ALL-DOUBLE DWARF (VICTORIOUS) FRINGED

Blue Brocade. Well-known, true violet-blue, fringed flowers 3½ to 4 in. in diameter, are borne on 10-in. plants.

Gaiety. An old favorite, dwarf type in rose or light rose, red and white. Flowers 3½ to 4 in. in diameter. A wonder for combination work.

Pure White (Snowball). Well-fringed flowers of purest white. 10-in. plants with 4-in. flowers.

Rosy Carmine Improved (World Beauty or Pink Perfection). This improved variety has a brighter rose color and is more uniform in growth. 10-in. plants with 4-in. blooms. A "must" for pot-plant growers.

Any of above, ½ tr. pkt. (400 seeds) \$2.00, tr. pkt. (800 seeds) \$3.50, 1/64oz. \$11.00

Illumination. Bright red overlaid with a scarlet sheen. Good color and habit.

Orange. (Salmon.) Flowers are large and well fringed. Good dwarf habit; 4 to 4½-in. blooms.

Each of above two, ½ tr. pkt. \$2.25, tr. pkt. (800 seeds) \$4

Sakata's Special Mixture. Mixed from the varieties with the dwarfest and most compact habit. Contains pink, rose, carmine and shades of salmon; a bright range of colors. ½ tr. pkt. (400 seeds) \$2.00, tr. pkt. (800 seeds) \$3.50, 1/64oz. \$11.00.

DOUBLE SMALL-FLOWERING

All-Double America. 100% double. Deep rose, medium sized, carnation-flowered. Very free blooming. Tr. pkt. \$2.00, 1/64oz. \$6.50.

DWARF CALIFORNIA GIANTS IMPROVED. (5 to 7 in. in diameter.)

We have a strain of Dwarf Giants of California developed by reselection over the past ten years. We have found it equal to or better than any other. Among the testimonials we have received, we quote the following: "We want to thank you for your help in selecting our flower seeds, especially the Petunias, which proved to be a complete success. Our Dwarf Giants of California is the by-word in this community. Our customers remarked that they had never seen anything like them. Some of them were fully 9 in. across the bell and the plants only 9 in. high."

Dwarf Giants of California, Extra-Dwarf Giants. An extra-dwarf type, suited especially to pot culture. Flowers have well-marked open throats and are beautifully ruffled and fringed. 1/64oz. \$2.75, 1/32oz. \$5.00.

PETUNIA, Little Giants Mixed

NEW DWARF RUFFLED GRANDIFLORA TYPE

Ruffled nana compacta, Little Giants Mixed. (New.)

This is a cross between the Martha Washington type and Dwarf Giants of California. The plant is covered with a mass of blooms 4 in. and more in diameter. The mixture has an excellent color range. It combines the pancake style of growth of Martha Washington with the habit of Dwarf Giants of California. At the trials at Pennsylvania State College the plants were a mass of bloom. For bedding purposes we do not believe there is any Petunia on the market to equal it. This mixture has an excellent color range from deep crimson to white in almost every imaginable shade and combination of markings. The medium-sized, deep-throated flowers are well ruffled and waved and keep the plant completely and continuously covered. $\frac{1}{64}$ oz. \$1.35, $\frac{1}{32}$ oz. \$2.50, $\frac{1}{16}$ oz. \$4.50.

Martha Washington.

Flowers 3 in. in diameter, frilled and ruffled, with rich wine-red veining in throat, deepening to dark violet. 10 in. high. Tr. pkt. ($\frac{1}{32}$ oz.) \$1.35, $\frac{1}{16}$ oz. \$2.50.

QUALITY OF VEGETABLE SEEDS

NOTICE: We have either visited the trial grounds of the growers from whom these seeds are purchased or had their strains in our own trial grounds. It is our opinion that there are too many inferior (or cheap) seeds on the market today. We have spared no expense in obtaining the seeds in the following list, and we offer only those considered by us to be outstanding strains. We are proud to offer these Extra-Select Strains and assure you that our vegetable seeds are of the same high standard as our Florists' Flower Seeds.

EXTRA-SELECT
